Although it is uncertain how many albums the band has sold, estimates range from 130 million to more than 300 million albums worldwide. The band is known for its musical diversity, multi-layered arrangements, vocal harmonies and the inclusion of audience participation in their live performances. Their 1985 Live Aid performance was voted the best live rock performance of all time in an industry poll. Queen had modest success in the early 1970s, with albums Queen and Queen II, but it was with the release of Sheer Heart Attack in 1974 and Night at the Opera the following year that the band gained international success. They released fifteen studio albums, five live albums and a number of compilation albums. Eighteen of them came top of the rankings around the world. After Mercury's death in 1991 and Deacon's retirement later in the decade, May and Taylor rarely played under the queen's name. Since 2005 they have been working with Paul Rodgers under the nickname Queen + Paul Rodgers. Rodgers.
